TRURSDAY MORNING, MARCH 21, 1881. THE SPOILS SYSTEM.

Recent appointments by the president in New fork and Illinois are interprited as sig-ifying that he will be guided to all such matpars by representatives of states in which uffices. But as the minet from its own nature an not are to be filled. It is too soon yet to form a be entirely, nice and pulsakes, it is need such stilled with a treatment abject! To the congressional spails system would be too thasty a guite resignation from the acts of his administration of far. It New York he has to entirely a guite and pulsakes, it is the same employments, which are commissional spails system would be too thasty a guite resignation from the acts of his administration of far. It New York he has to entirely a guite first which outside garniture, made for it is sent. cralization from the acts of his administration so far. In New York he had reappointed eer aim officially approach to be adherived of Senator Conkling. But we have not heard that he has removed from office at the dictation of Senator Conkling any off cial whom Senator Conkling any off cial whom Senator Conkling any off cial whom Senator Conkling dislikes, in order to make recomb of a personal follower of Senator thousands. The distinction of Senator Conkling dislikes, in order to make recomb of a personal follower of Senator thousands. He would be a great mistake, however, it the presentation of best divers and get our best dimers to we return a guest. So there is a beneaulong Conkling dislikes, in order to make mounter a prisonal follower of Scanpor clouding. It would be agreat mistake, however, it the preshient should make it a could to be prided, or chiefly guided, by schators and representatives of states in which offices are to be thick. This is the same of the configuration special system. It is the partial into which redeed the party and set it upon its feet. The republican party can not respirating permanent ascendoncy unless it party in the party and party can find party and party of intensity under its feet. President Garbield howes its feet. President Garbield howes its feet of the party and photocy distinctly under its feet. President Garbield howes its feet of the party and photocy distinctly under its feet. President Garbield howes its feet of the party and photocy distinctly under its feet. President Garbield howes its feet of the proposition and political party can not respirate to it. It is a spource of so many political carlies that he will are populated and the party and the reads it and live. It fransforms every senator and reprisentative into an office-brooking and office-job, bung politican, excludes mere didplementence. Signify and character from congress, events a plassed office-bunding depond ants it every state who are received and could not obtain. But that need will remain and some and could not obtain. But that need will remain and some and could not obtain. But that need will remain and some and could not obtain the resource feet and the evile of the people, and developed in the evile of the people and develo class of office-limiting depoid ats it every state who are together as a gang it overalt the will of the people, and developed all the evils of the people of the peop brought a few years ago to the very door of be sensual, it med not be worthless but in tuinous defeat. Should the emgressional some way it must divort the mind free the spoils system be rustored the republican party issury duties, auxietics or cares of life. John spois system be rustored telepoblican party in the next elections would lose every state in which there is an opposition party strong onough to make a real fight. And since Previouslent Gardell is, no dull of server, he knows it have a small considered of the communication of the public that he had "tabled" to the communication of the communic So much had been written before the latest remarked that his death had reclipsed the galous

dispatches published to-day were received. It of patients and bankrapted the published to-day were received. It of patients and bankrapted the published to-day by the president are not of the Conkling. Johnson, who was himself rather a sigh man. day by the president are not of the Conkling order; and those who had begun to form an unfavorable option of the new administration on too hasty grounds, are said now to by "astonished." Conkling, it is exported, it "agonished." Coulding, it is coorted, is angry and intends to fight. Perhaps he may yet think better of it. For nolloing can be more certain than that he would be worsted it, such an aftempt. The one thing that the re-

Und the senate as now constituted is not mear by so much a rich man's class as public opinion males it. The senators from the seathern ser flandars poor, as a rule. Brown, of Georgia was rated an exception, but he shates unhealing with blade care, occanics. These any modalingly that he is far from I cing a millionaire. It is nearly companies that recent and declares that in all Georgia these han't a mention is all given to leving but they been ed man'who, having paid ble cebts, can eall himwith worth a million. Wilkers, of Virginia which may called duline so, than it is not made farry and ten aliddren! John count of the Febre. These times even therediging of productions of the state of same state, is poor. Malacine is in confortable pat in communications and only operational modes that it is the Tao Korth Caros break the long ton of an extend line men. You're and if moore are poor, having the discussion reclesionized processing as an identification for their sociated subsection. But, the stories And it is very with. These thousand distributes White Drillers, on the first subsection for south the state of it? May stoy but this failure, which with Wald Hangton with his failure, who, be one the war, the course of the state of polesific this failure, who so one the war, the course of the state of largoid discoverer in the union, first budy. If the sketch leavened with human and out a second years age, and is budy a mellion or a for an assembly, in it is a well as the fill of with heavy essays every day from the pension of professors of the rather stupid and message of professors of the rather stupid and message of professors of the rather stupid and message. Kounety, no comfortably situated, the inter- of professors of the nature stepsh and moves that the professors of the nature stepsh and moves that the professors of the nature stepsh and move that the professors of the nature stepsh and move that the professors of the nature of the works \$3: from New Westman Morgan of Atshuma, are all poor. Due to amuse much a first move near the nature of the works \$3: from New Westman Mitchell, his colleague, with hove to depend on person who was guilty of a first was regarded to Stabliscandid & Ward, Victoria, his salary for support. Neither Kornan nor Corkling is rich, though both are independent much grave as would serve as a prologye to in set. of public employment. Platt, who succeeds the former, is far from being a pluteerst. Haudily and one of its misfertance is that nibal Hamlin ways be quit public life as he many or most of those who do this hard work. commenced it, with nothing at all, but the other New Englanders are rated at something over a hundred thousand each. Pendleton is rich and so is Sherman. Levis ic. as is well known, a millionaire, but John A. Logan is poor as Job's turkey—that is, if J.b's turkey had a coal mino or two. Philetus Sawyor, of Wisconsin. is rich. Hale, of Maine, by him-self and wife, the daughter of Zach Chandler, is a couple of millions also id of not dor; at all. but the real money king is Fair, of Nevada, who can afford to buy a new toga nerry day.

Wilkeson, secretary of the Northerm Pacific Railroad Company, presents an Western Nebruska, and parts of haneas and exactorated and about distances of the al- New Mexico, places the total at \$10,000,000 in legal difficulties and dangers of the Columbia cuttle and \$5,000,000 in sheep. Besides, the regen amountees and amogors of the Comming rivers. The associated press favors us with his mortality among horses has been no light mat-screed. Perhaps Mr. Wilkeren ders not know ter. For hundreds of miles the control der that the Columbia river, new iffs aming all ing several weeks was covered with a facet of he says against it, is the principal channel of the commerce of the Pacific northwest. It is thating risk." The writer says the expericartain that his extravagent and oxicomely un-fair statement does not represent the views of and Nebraska has been disastrous. The caththe management of the company. President are not hardy enough, and he trinks it will has always taker slarge view of the scarrely be attempted again. The plains have Coregon could not be left out of the Northern Pacurved with grasses and affording good winter citic system, and his plans and purposes there- range, is now entirely bare, for have contemplated construction of a line to Portland as well as to Puget Sound. Since the Columbia river line will rass through the mountains on a level with tide water, and since the road from Puget Sonn lacross the mountains must surmount an a titude of 4000 feet or more, necessitating loavy and difficult grades, the Columbia river route will always be the cheaper and casier one for the general a building for the congressional library and bosiness of the country. This is a fact which the Northern Pacific can not ignore. The public lands to the gluention of the people, where which is intained has always entered into the Among the private hills that failer were those calculations of Possition. unloaddians of President Billings and the statement attributed to M1. Wilkeson does not demnity to Ben Holladay. rightly represent the views of the present man-

ment concerning Oregon. Polynamy, says President Gartield, must and shall be stamped out. This sortiment will be heighly applauded. But the Salt Lake Tribenn tells us that polygeme is not the most obcotionable and dangerous festure of the Mor-mon system by any means nor the feature which should cause the government most alarm. The Mormon church is a public encmy to republican institutions; its aim is to verthrow this republic and build up a more despotic reign upon its ruine than was known doywhere in Europe during the medieval ages. tratebood is out of the question in Utab, un-4) the Mormons not only serronder polygamy that also surronder their theoremy. The prob iam is not nearly so difficult of solution as niany people suppose, because the whole power and direction of this institut on, at present, is in the hands of less than tweaty people.

RELAXATION AMUSEMENT Carrick, the great actor; passed away, Jolinson here were great merits. The lovers of these would probably erect a manument to the in-ventor of that game, if they only know who he was, and it would be a monumer's three

spleadid than that to Waiter Scott; for while Scott has pleased tens of thousands, ches has survived thousands of yours and pleased than sucre certain than that he would be worsted in such an aftenot. The our thing that the results of thousands of yours and pleas it hand such an aftenot. The our thing that the respondence and the restoration of the congressional spoils system. The whole parallel is to do the lighter kind. Who ever epoch in the formula shows a well understand it. And the not force in the formula shows a well understand it. And the not force in the force of the lighter kind. Who ever epoch in the force of the lighter kind. Who ever expect the standard with the standard shows the standard with the standard with the standard shows the standard with the standard shows the s the "Arabam Nights" who has it bons andreed, munical and astonished Who but from a sense of day, wantered lestery when he could had
